

Organized Baseball To Help Red Cross To Set Aside Day For War Relief Fund

BY DON W. LISK.

With announcement by secretary John Hoyer, of the National League, that organized baseball is to aid the American Red Cross by setting aside a day to be known as "Red Cross Day," when a percentage of the gate receipts will be contributed to this great society, the baseball world will be doing its part to help the world's war victims.

This being true, then, record breaking crowds are expected to turn out to witness the games played on "Red Cross Day," thus turning a contribution totaling thousands of dollars for the war relief fund. It is another proof of the claim frequently made that sentiment exists in baseball.

Tommy Smith, manager of the Chicago White Sox when they won the American League pennant, and who is now manager of the "Hilltoppers," will be the first to lead the way in the "Red Cross Day" game. The White Sox will play the Chicago Cubs at the stadium on Sunday, August 20, and the gate receipts will be divided equally between the Red Cross and the Chicago White Sox.

City League Teams To Play Santa Rita September 5, 6 and 7 are Dates Of Series

BY RUD RUTHERFORD.

FOR the first time this season the Copper League baseball club will be active in action against the three strongest teams of the city league. The series will be played on September 5, 6 and 7 at Santa Rita, a new ballpark, in a series starting on September 5 and continuing through Sunday, September 7.

When the matter of playing in El Paso was brought up by Tommy Smith, a number of local sportsmen were called to a meeting at the home of the Santa Rita Diggers. The meeting was held at the home of the Santa Rita Diggers, who are the only team in the city league that has not yet played a game.

RAILROAD MEN RAISE CHICKENS AS A DIVERSION

Over Half of New Mexico Fair Poultry Show Entries Are From Trainmen.

Albuquerque, N. M., Aug. 20.—An epidemic of chicken raising has broken out among the railroad men of the Southwest. In fact, it has been going on for some time past, although it appears to be more violent right now than ever before. Entries of birds for the New Mexico state fair poultry show, October 15 to 18, reveal the fact that more than 175 entries of prize pigs to date, better than half the entries are by railroad men, chiefly in the train service of the southwestern roads.

EUROPEAN WAR PREVENTS COTTON BEING MARKETING

Raisers of the Staple in the Salt River Valley Not Expected to Lose, However.

Albuquerque, N. M., Aug. 20.—Although the plans of the Salt River valley Egyptian cotton growers to dispose of the bulk of their crop abroad have been totally frustrated by the European war, W. S. Dorman, sales agent of the Mesa exchange, believes that the American market for the product will be improved. Mr. Dorman wired from New York that there was no reason for the growers to be alarmed.
